

### G CASINO DIDSBURY OPENS TO A GLITTERING SUCCESS

'Our goal was to create a beautiful and responsive space for a 24/7 leisure experience that uses the innovation and inspiration of art in its broadest sense to create a unique environment' says Paula Reason, Managing Director of Cadmium Design.

Dynamic ceiling swooshes take you from the Welcome Zone and into the heart of the offer. The sculpted forms of the ceilings, floors and walls have transformed what was essentially a flat floor space into a journey of delight and discovery. [READ MORE](#)

### ROYAL MARSDEN - A WARD FOR THE FUTURE

Following the fire in 2008, the Ellis Ward is being completely refitted with the state of the art equipment. To compliment this, Cadmium have taken a fresh look at the finishes of the new ward and developed a scheme with beautiful, sensitive colours, textures and graphics throughout.

We are very sympathetic to the feelings of patients, visitors and those who work in a hospital environment and wanted to make this ward very special. Technology allows us to embed detail and design in both a practical and affordable way into an environment. [READ MORE](#)

### HIPPODROME UPDATE

We have reached a really exciting phase for the Hippodrome project as all the details and finishes are emerging on site.

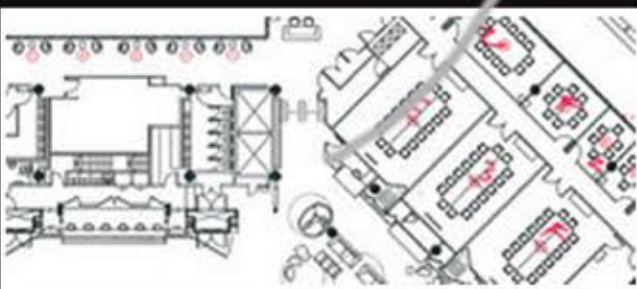

The main auditorium, even at this stage, is jaw dropping... [READ MORE](#)

### HARD ROCK BAR - REVISITING AN OLD FRIEND

Last year we were set the challenge of creating 40 years of history into what was formerly the merchandise store at the back of the first and original Hard Rock Cafe as a part of its Birthday Celebrations, it has now matured into something really special.

### NEW PROJECT

We are pleased to announce that we are assisting the Four Group with a large space reconfiguration for a major retailer.

We would love to hear from you. Please contact either Paula Reason or Steve Inwood on:
